

Dear member

Introducing Cheryl Arnol our candidate for the Legislative election in Rumney. [Read more here](#)

There is no better time for the minor parties to enter parliament. World wide trends show the general public no longer trusts the major parties. When we see headlines like this (below) it is no wonder we no longer trust them. [Senators vote against a wage freeze](#). Note: All minor parties and independants voted to have a wage freeze. The major parties are taking money off the pensioners so they can have a wage rise.

I ask you these simple questions:

- Are they worth the money we pay them?
- Do you know what their policies are that effect you and your outdoor life style?
- Will your vote be an informed vote or will you vote the way you always have?
- Are you committed enough to vote to keep your sport?

STOP PRESS: *In light of the terror attack in London Turnbull has increased security at parliament house. Pull up the drawbridge, they are safe: But are you!*
