### **Questions to ask yourself before voting. Our policies and answers are underneath.**

Are the major parties following the same policies they had 20 years ago?

- *No the major parties are now run by professional politicians and factions, who have not experienced the world as you know it.*

- *Ongoing bans and infringements places of law abiding Tasmanians*

Is the health system working

- *No our leaders are using your health system as a political football. Our policy is to have a Bipartisan approach to health in Tasmania. Parties working together for the betterment of the state.*
- *No, our child protection services are failing our children*
- *SFFP calls for a significant increase in funding and resources to rural health services*
- *SFFP calls for the introduction of more bulk billed walk in doctor clinics to alleviate the hospital system.*

Is our Bio Security in Tasmania secure enough?

# SHOOTERS FISHERS and FARMERS Tasmania

- *No, we now have fruit fly, blueberry rust to name two fails. We propose to increase funding and staffing levels so they can effectively do their job and protect our state and your health.*

Are our farmers and rural areas supported.

- *No, our farmers are the forgotten heroes. Working dawn to dusk to feed our great state. Working with restrictions that a professional politician has made.*

- *Government imposed running costs are too high, whether its diesel and or electricity to run their farms and water pumps*

Are our Salmon Fish farms geared for long term sustainability and jobs into the future?

- *No to salmon farming in King Island or Okehampton Bay or Storm Bay*

- *Yes to a long term viable salmon industry*

- *No, the short sighted planning is raping our waterways for quick profit.*

If you agree with our thoughts put that into action and vote SFFP Tas.
